

LIFE'S TOO SHORT

I
Here today and gone tomorrow
IV I
Life's too short to borrow sorrow
I V I
Life's too short for me to worry over you
I
You are gone, you are missin'
IV I
Other lips you are kissing
I V I
Life's too short for me to worry over you

Chorus:

IV
And I'm leavin' (and I'm leavin')
I
And I'm grievin' (and I'm grievin')
IV V
And I'm grievin' 'cause I'm blue
I
Here today and gone tomorrow
IV I
Life's too short to borrow sorrow
I V I
Life's too short for me to worry over you.

Sometimes I think I'm crazy
With these blue days so hazy
Can't realize that you were so untrue
And I know that you don't love me
And by all the stars above me
Life's too short for me to worry over you.

And now I'm through with you forever
For this tie we must sever
I don't have another heart so good and true
It was made for usin'; not all this abusin'
Life's too short for me to worry over you.
